1.   What are cookies and how do We use them?

Cookies are small text files that a Website server downloads to Your device using a web browser (for example, Internet Explorer, Firefox, Google Chrome, etc.). The main purpose of cookies is to recognize the device with which You access the Website, thereby providing Website content that is specifically tailored to each Website visitor (for example, the language you have chosen, text size, etc.), as well as providing statistics to the Website owner, which allows for additional improvement of the Website's operation. Our Website also contains third-party cookies that collect information about You across various devices and marketing channels.

We use the following types of cookies:

Essential cookies - are cookies that are necessary for the operation of the Website and its functionality, for example, allowing You to browse the Website or use various features included in the Website. These cookies are stored on Your computer, smartphone, tablet, or other device during the period of Website browsing or for a specified period of time. These cookies are necessary for the operation of the Website, therefore they cannot be disabled, and user consent for this category of cookies is not required.

Analytical cookies - are cookies that allow Us to track and analyze Your browsing patterns on the Website, allowing Us to tailor advertising according to Your interests. These cookies also help Us understand which pages are most popular and which are used most frequently, as well as how visitors navigate our Website. If you decline the use of these cookies, your visit will not be included in our statistics, but at the same time, it will not restrict your actions on our Website.

Marketing cookies - are cookies that are used to identify You with the aim of providing You with the most relevant information about Our products and services, improving Our content customization, and expanding Your activity on Our site. These cookies can be used for our advertising campaign needs on third-party websites. If you decline the use of these cookies, you will be offered general and non-personalized advertisements.
